Please sketch on the back of this application, provide a copy of a professional survey, or print off a map from the County GIS site with both the driveway location and building site clearly marked. Your address number is based on the location that your driveway intersects the main road. Please provide as much information about your driveway location as possible including referencing neighboring driveways, road intersections, or existing buildings. Providing inaccurate information will result in a delay of issuing your rural address and may result in additional fees.

CERTIFICATE

I, the undersigned applicant, understand that my residential address will be used by local ambulance, fire and law enforcement services to locate my residence in case of an emergency, and by the U.S. Postal Service for the delivery of mail, and when installed, I will not move the sign and will maintain the sign in such a way that it is clearly visible from the public thoroughfare. The information provided above is true and correct to the best of my knowledge.
